

LECO CORPORATION

3000 Lakeview Ave. St. Joseph, MI 49085-2396 U.S.A.
Phone: (616) 983-5531 Telex: 211605 Facsimile: (616) 983-3850

SUBJECT: OBSOLETE LECO EQUIPMENT

The obsolete process on the following LECO instrument will begin immediately. LECO will continue to service this instrument through December 31, 2000 provided that parts are available. LECO will discontinue all field and in-house repair of this unit and its associated sub-components effective January 1, 2001.

This decision is necessitated by the growing number of parts no longer available to LECO by its suppliers and shortage of stock item parts.

ANALYTICAL

TGA-501 THERMOGRAVIMETRIC ANALYZER

Support of this unit after January 1, 2001 will be limited to telephone help only by our LECO St. Joseph, Michigan telephone staff.

All listed instrumentation has been out of production for several years.

LECO Corporation presently manufactures state-of -the-art analytical instrumentation for replacement of the obsolete system listed above. Please contact your LECO Sales Engineer for details.

Very truly yours,

LECO Corporation
